The South Carolina AHEC Health Careers Academy (HCA) is a health careers exploration experience for high school students:

- Participate in 4 years of programming in sessions that help
- with learning about careers, leadership and academic success
- Gain experience in communication, math and science
- Obtain experience that you can list on college and job applications

Provost Academy South Carolina will award students elective credit toward graduation for participation in the HCA:

- Students in grades 9-12 are eligible
- Earn credit with a grade of 85 or higher
- Provost Academy will award a maximum of $1\frac{1}{2}$ Carnegie credit per year for each participant's successful completion of requirements
- Earn up to two total Carnegie credits per student

To find out more about the HCA, or to learn about our summer programs, contact your regional Health Careers Program Coordinator:
